HARLEY JOHNSON

UI/FULL-STACK DEVELOPER

SUMMARY

Driven Software Developer with 2.5 years of professional experience in creating full-stack and UI-focused applications, with a current passion for React and JavaScript. Proven successful in delivering adaptable features in Agile environments and recognized through two company awards. Recognized for strong technical intuition, rapid learning, and supporting peers through tutoring and collaborative problem-solving. Excited to bring a combination of technical excellence, creative problem-solving, and user-focused design skills to a dynamic development team.

EXPERIENCE

UNITED WHOLESALE MORTGAGE — PONTIAC, MI

Software Developer I/UI Developer I

(Progressed from Dev-X Trainee to Associate Developer to Software Developer I and UI Developer I)

Mar 2021 - Sep 2023

Skills Learned: C#, JavaScript, React, SQL, Agile, Scrum, Figma, Unit Testing

- Developed and maintained large-scale applications in both the front and back ends.
- Created complex React pages with reusable components and full features using React, JavaScript, HTML, and CSS.
- Contributed back-end development with C# and SQL.
- Awarded two "Brilliant Idea" awards for innovations adopted company wide.
- Completed Dev-X and UI-X training courses. Also completed React and JavaScript advanced training courses.
- Improved performance, fixed bugs, refactored code, and added unit testing to increase code quality.
- Participated actively in Agile Scrum ceremonies and code reviews.
